

April 24, 2022

Dear Friends and Colleagues,

It is with great sadness that I am writing to share with you the passing of our cherished friend, colleague, and the WVPCA's Member Relations Coordinator, Pam Moore. Pam's battle with a sudden illness ended on Friday afternoon, as she was surrounded by family and loved ones.

All of us at the WVPCA mourn her passing. Pam was a part of the WVPCA family and community for over 35 years. She dedicated her life's work to supporting and living out the mission of Community Health Centers. She was our health centers' champion, advocate, and trusted confidant. Pam was unwavering in her belief in our work and the people we serve. She was unapologetic in her role and understood how relationships matter. She was instrumental in contributing to our culture and the fabric of what the PCA has grown into over the decades.

Pam had time for everyone, and she was always engaged and interested in the people she met or with which she worked. She formed deep personal bonds with so many, reflecting her openness and caring spirit. Pam truly had a servant's heart, and she shared that in the way she supported our health centers, partners, and PCA team.

Over the past few days, someone mentioned to me that Pam was like sunshine. I agree. Her energetic personality would light up any room she entered. She was our "historian" of all things PCA, but she was also dedicated, passionate, loyal, fun-loving, witty, spiritual, nurturing, and a true friend. I have known and worked with Pam for nearly eighteen years. She was more than a co-worker, she was family. Her loss will be felt by all whose lives she touched.

Visitation will be held at Bollinger's Funeral Home on Wednesday, April 27, 2022, at 11:00am. The funeral will begin at noon.

Please join me in remembering Pam for the positive impact she made on so many. We will carry on her legacy, with deep commitment and pride.

May she rest in peace,
