

# WVPCA: Creating Value for CHCs and Their Patients

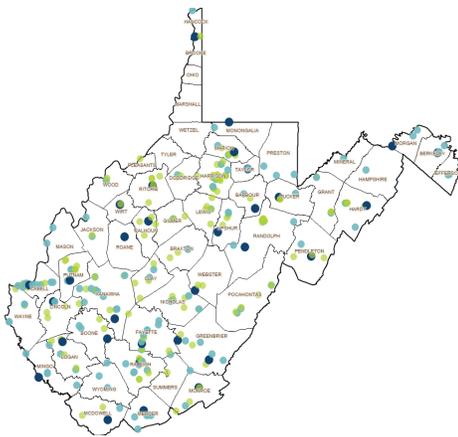

## WHO DOES WVPCA SERVE?

The WVPCA serves YOU! WVPCA is the only organization dedicated to serving West Virginia's Community Health Centers (CHC) and representing their specific interests.

## WHAT VALUE DO WE CREATE?

Over the past year, the WVPCA has touched all health centers in West Virginia through our diverse program offerings and support activities.

**VISIBILITY:** WVPCA's advocacy enhances the reputation of CHCs as leaders in primary care delivery and system reform.

**CONSENSUS:** WVPCA builds consensus to strengthen the CHC "voice" with policy-makers and potential partners.

**EXCELLENCE:** WVPCA's initiatives advance clinical and operational excellence to enhance the value added by CHCs.

**KNOWLEDGE:** WVPCA synthesizes the stream of policy, practice and regulatory content into actionable, timely guidance.

## RETURN ON INVESTMENT

**CONSULTATION & SUPPORT:** Whenever issues or opportunities arise, advice, clarification and support from our staff is just a phone call away.

**ADVOCACY:** We are an extension of CHCs when we meet with policy stakeholders, bringing their voice into rooms they don't have the resources to staff.

**BUILDING EXPERTISE:** By recruiting and training expert staff and retaining industry-leading consultants, we build a bank of knowledge on issues such as emergency management, workforce development and value-based payment.

**TRAINING & TECHNICAL ASSISTANCE:** Through on-site sessions, online webinars, tools and resources, we respond to the needs of CHC clinicians, managers and leaders.

**DATA & SUPPORT:** The WVPCA data repository, our state-of-the-art data warehouse, analytics, and reporting solution, has been embraced by 25 CHCs in the state. Our data and analysis support the growth of CHCs in West Virginia.

## WHAT DO YOU VALUE?

Do you have ideas how WVPCA can create additional value for you? Please contact us at [info@wvPCA.org](mailto:info@wvPCA.org). We look forward to the conversation.
